December, 2013

#### A Message to Illinois Taxpayers

he Office of the Comptroller is required by law to report on the collection of fees by state government. The 2013 Fee Imposition Report contains a variety of information on fees, including the agencies that impose them, and the revenue generated by them. A special study is included that examines physician license fee rates and their historical revenues.

Fees supplement general taxes in generating revenue to support the functions of government. A key difference between fees and taxes is the extraordinary flexibility government has in designing the various fees levied as occupational licenses, user charges, or business fees. For this reason, it is important to know the scope of fees charged by agencies and the fiscal impact those fees have on taxpayers and the state.

In fiscal year 2013, the State of Illinois collected \$8.5 billion in fees. Among revenue sources, fees are surpassed only by income taxes (\$22.0 billion), federal aid (\$16.3 billion), and state sales taxes (\$9.1 billion). The 1,510 reported fees were administered by 88 agencies. Most of what is collected is deposited into restricted funds. Only \$510 million (6%) in fee revenue was deposited into the General Funds. In contrast, 33% of fee revenue was deposited into Special State Funds and 16% was deposited into Highway Funds.

As the state's chief fiscal officer, it is my duty to provide information to legislators, policymakers, and taxpayers regarding Illinois' fiscal condition and the factors that contribute to it. Fees are an important part of the state's financial picture. Not only are they often overlooked as an important source of revenue for the state, but one must also consider the additional costs borne by the people who pay them. This report, therefore, is important in any assessments made of the State of Illinois' financial health.

Agency Fee Imposition Report submissions are available on the Internet. To get to the fee data from the Comptroller's website (http://illinoiscomptroller.com), click on the "Departments" tab at the top of the screen followed by the "Research and Fiscal" button and then the "Detailed Fee Data" button.

I hope that you find this report both useful and informative. I encourage you to participate in this reporting with your input. We can be reached by phone at the following: (312) 814-2451 in Chicago or (217) 782-6000 in Springfield, or through our website listed above.

Sincerely,

Judy Baar Topinka Illinois State Comptroller

#### THE ILLINOIS FEE REGISTRY

#### **Overview**

During fiscal year 2013, 88 state agencies administered 1,510 fees that generated \$8.526 billion in revenues. These fees are listed in the comprehensive State Fee Registry prepared by the State Comptroller's Office.

Unlike taxes, which are largely collected by the Department of Revenue, many agencies are significant fee collectors. This report identifies 20 agencies, excluding universities, that collected over \$10 million in fee revenues in fiscal 2013.

This report contains a wealth of information on fee revenues in Illinois. Fee revenues are listed by agency with a chart identifying agencies collecting over \$50 million in fees. Fees with receipts of over \$1 million are listed, and a special table sets out the ten largest revenue generating fees. Fees are distinguished by the share levied on individuals including occupational licenses, personal service and user charges, and tuition versus fees levied on organizations such as regulatory, licensing, and registration charges and special assessments. Additional analyses compute the fees' share of revenues in each fund

group, list fees with unusually high rates, and compare fee collections in Illinois with collections among the other states.

Last year the *Fee Imposition Report* looked at special license plate fees, including historical revenue collections from them and their effectiveness as a state revenue source. This report examines physician license fees in light of a recently enacted increase. The study explores the circumstances surrounding the increase, historical revenue collections from the fee, and similar fees in other states.

In reporting to the Comptroller's Office, agencies used great latitude in listing and defining their fees. Some listed each individual charge as a separate fee, while others reported many related charges under the same fee title. The fee leader was the Secretary of State which reported 500 fees (33%) divided among 22 administrative departments. Universities accounted for 194 fees (13%) and five other agencies (the Courts, the Treasurer, the Departments of Agriculture, Financial and Professional Regulation, and Public Health) reported at least 38 fees. The remaining 73 agencies reported 529 fees or 35% of the total number of fees reported.

#### What's New in Fiscal Year 2013

Reported fiscal year 2013 fee revenues of \$8.526 billion are up \$374 million or 4.6% from their prior year level. Healthcare and Family Services fee collections of \$1.836 billion were \$82 million or 4.7% greater than their fiscal year 2012 level. The Long Term Care Provider Occupied Bed Assessment generated \$161.6 million in revenues in fiscal year 2013 versus \$54 million in fiscal year 2012. The Hospital Provider Assessment generated \$893 million in revenues in fiscal year 2013 versus \$890 million in fiscal year 2012. Receipts for the Long Term Care Provider Fund increased from \$102 million to \$209 million.

The largest portion of fee revenues is reported by the Secretary of State. Secretary of State fee collections of \$2.189 billion are up \$83 million or 3.9% from the fiscal year 2012 level of \$2.106 billion. The \$83 million increase in fee revenue can be partially attributed to the Proportional Registration Fee (Foreign IRP), a fee charged to trucking companies for proportional registration except apportionment trailers and semi-trailers. The Proportional Registration fee generated

fee revenues of \$226 million, \$59 million more than the \$167 million reported in fiscal year 2012. The Annual Franchise Tax increased by \$11 million from the fiscal year 2012 level of \$158 million to \$169 million. Combined, these two fees account for 84% of the \$83 million increase in fee revenue collections by the Secretary of State. As a group, universities reported \$2.534 billion in tuition and fee revenues. In fiscal year 2013, Illinois public universities continued to turn to the option of raising tuition and fees to bridge their budgetary gap, as university revenues from these sources were up \$91 million or 3.7% from fiscal year 2012 levels. Fees reported by the fourth largest agency, the Toll Highway Authority, increased 18.9% from \$823 million to \$979 million. Toll collections grew from \$791 million to \$925 million.

Among the remaining state agencies, fee collections decreased \$38 million or 3.7% from \$1.026 billion in fiscal year 2012 to \$988 million in fiscal year 2013. The difference is partially due to a decrease in fee collections by the Illinois Gaming Board. In fiscal year 2012 the Gaming Board reported fee revenues of \$74 million versus \$18 million in fiscal year 2013. Fee revenues collected in fiscal year 2012 by the Gaming Board included the final payment of \$73 million for the sale of the tenth riverboat license.

#### **Newly Reported Fees**

The Secretary of State reported a new Soil and Water Conservation license plate, and a \$20 fee for a Dealer Lien Release Certificate of Title.

The Comptroller reported two new fees charged to local governments. One is for allowing local governments to use the Comptroller's offset system to collect delinquent obligations owed to them. The charge is up to \$15 per transaction for offsets processed without the assistance of a third-party vendor, and \$20 if a vendor is involved. The second fee is charged to local governments that are late in filing their audit reports with the Comptroller; it ranges from \$5 per day to \$20 per day, depending on how late the report is.

Three new court fees were collected by the Treasurer. Persons convicted of conservation offenses must pay a fee of up to \$15 for deposit into the Conservation Police Operations Assistance Fund. A filing fee on probate cases is to go to the Guardianship and Advocacy Fund (95%) and the Circuit Court Clerk Operation and Administrative Fund (5%). Persons convicted of a criminal offense or a vehicle offense now pay \$15 for deposit into the State Police Merit Board Public Safety Fund, less 2.5% for the circuit clerk's administrative costs.

The new State Charter School Commission collects from the charter schools that it authorizes up to 3% of the revenue provided to the schools, to cover administrative costs.

The Gaming Board reported revenue from two new fees arising from the Video Gaming Act. An application fee of \$100 is charged for a license for a video gaming establishment, and a video gaming terminal license. One-quarter of the revenue generated by the fees is to go, subject to appropriation, to the Department of Human Services for administration of programs for the treatment of compulsive gambling. The rest is to be used for the administration of the Act.

The Department of Commerce and Economic Opportunity reported a fee associated with the new Illinois Historic Tax Credit. Recipients of the credit for restoring eligible historic structures may be required to pay up to 2% of the credit amount to be deposited into the Historic Property Administrative Fund. Money in the Fund is to be divided between the Department of Commerce and Economic Opportunity and the Historic Preservation Agency to cover the costs of administering the credit.

The Illinois Commerce Commission reported a new \$100,000 fee charged to public utilities that request an expedited review of an application for a certificate of public convenience and necessity for the construction of a new high voltage electric service line and related facilities. It also reported new fees charged to collateral recovery companies, which the Commission regulates.

The Illinois Power Agency reported a contract mediation fee paid by Substitute Natural Gas plants when mediation is required on contract negotiations between the plants and gas utilities. It also reported a new fee for the retirement of renewable energy certificates.

#### SPECIAL STUDY

#### **Physician License Fees**

The Illinois Department of Financial and Professional Regulation regulates and licenses a number of professions in Illinois. It oversees most health care workers, such as acupuncturists, dentists, dieticians, genetic counselors, psychologists and counselors, physicians, nurses, optometrists, physical therapists, pharmacists, and veterinarians; real estate professionals, such as architects, home inspectors, interior designers, surveyors, real estate agents and brokers, and appraisers; and assorted other professions, such as auctioneers, barbers, cosmetologists, hair braiders, pawnbrokers, roofing contractors, and social workers. It collects fees for initial and renewal licenses from professionals seeking licenses in order to fund investigative and administrative costs. Fee increases are an often contentious but necessary part of professional regulation. In 2013, licensing fees for physicians were raised for the first time since 1987.

The division within the Department of Financial and Professional Regulation that is responsible for licensing physicians is funded solely by the Illinois State Medical Disciplinary Fund, which holds physician licensing fees. The fees were \$300 for an initial license and \$100 for each 3-year renewal before the increase. The graph shows that license fee revenues to the fund have stayed fairly steady over the past 10

years (taking into account the natural fluctuation due to the 3-year licensing cycle). Revenues typically range from around \$1 million to \$13 million, depending on the licensing cycle, which is less than 1% of the approximately \$137 million taken in in recent years by the state from occupational licensing fees.

Despite revenue staying steady, the physician licensing unit began to run short of funds and laid off a large number of its employees, making it difficult to administer licenses for the approximately 48,000 licensed physicians in Illinois. Two reasons cited for the revenue shortfall were rising operational costs, and fund sweeps and chargebacks, which took at least \$5.2 million from the Fund in fiscal years 2004, 2005, and 2010.

In response to the problems, Public Act 98-3 was enacted effective March 8, 2013. It directed that \$6.6 million be transferred from the Local Government Tax Fund, which holds some sales and use taxes for distribution to cities and counties, to the Illinois State Medical Disciplinary Fund to allow the physician licensing unit to resume its work. Those funds are to be paid back by 2018. The fee for an initial physician license was raised from \$300 to \$700. On July 1, 2018, when the Local Government Tax Fund is scheduled to be repaid the full amount of its loan, the fee is scheduled to drop to \$500. The fee for a 3-year

renewal for a resident of Illinois rose from \$100 to \$230, with a decrease to \$167 scheduled on July 1, 2018. For nonresidents, the fee rose from \$200 to \$460, dropping to \$250 on July 1, 2018. The fee for restoration of a license other than from inactive status increased from \$100 to \$230, and the cap on payment of all lapsed renewal fees rose from \$600 to \$1,400.

As shown in the chart, the new physician licensing fees are in line with, or slightly above, fees for other professions in Illinois that require a significant amount of training and qualifications. The \$700 ini-

tial fee is the highest of those professions, but the annualized renewal fee of \$77 is the fourth-highest, below renewal fees for attorneys, optometrists, and dentists.

The new fees also seem reasonable when compared to physician licensing fees in other states. Texas, California, and New York each have higher initial license fees for physicians than Illinois, and Illinois' annualized renewal fee is lower than 9 of the 11 surveyed states.

Physician License Fees in Selected States (in order from highest to lowest annualized renewal fee)

#### A REVIEW OF FISCAL YEAR 2013 FEES

### Agencies That Collected More Than \$50 Million in Fees

Eighteen agencies collected over \$50 million in fees in fiscal year 2013, including four agencies that collected over \$500 million in fee revenues. As a group, the eighteen agencies collected \$8.184 billion in fee revenues or 96% of total state fee collections.

The fees collected by both the first and fourth largest collecting agencies are largely related to vehicular transportation. The Secretary of State reported fee revenue of \$2.189 billion or 25.7% of the total, while the Toll Highway Authority reported \$979 million (11.5%) in revenue from fees and tolls.

Although it reported only eleven fees, the Department of Healthcare and Family Services ranked second among agencies and accounted for \$1.836 billion or 21.5% of fee revenues. This was almost entirely collected from medical providers under the Medicaid assessment programs. These included \$893 million from the Hospital Provider participation fee, \$696 million under the County Hospital Services Provider participation fee, \$162 million under the Long Term Care Provider Occupied Bed Assessment, \$47 million under the Long Term Care Provider participation fee, and \$20 million under the Long Term Care-

Developmentally Disabled Provider participation fee. Participation fees increase the funds available for state Medicaid spending with an additional bonus due to the associated federal reimbursement for Medicaid spending. In addition, the agency received \$14 million in child health insurance fees.

State universities accounted for eight of the agencies collecting at least \$50 million in fees with a combined \$2.495 billion in tuition and fee revenues. When fee revenues from the other state university are included, the total comes to \$2.534 billion or 30% of statewide fee revenue.

Among the remaining agencies collecting over \$50 million in fees, the Department of Revenue ranked eighth with \$223 million in fee revenues. The largest components for the Department of Revenue were \$91 million from the energy assistance charge on gas and electric service deposited into the Supplemental Low Income Energy Assistance Fund, \$50 million from the 0.8 cent/gallon environmental impact fee deposited into the Underground Storage Tank Fund, \$19 million from the 0.5% Telecommunications Infrastructure Maintenance Fee deposited into the Personal Property Tax Replacement Fund to help local governments offset the revenue loss from the elimination of the personal property tax on business property, \$19 million

from the Rental Housing Support Surcharge, and \$16 million for the \$2.50/tire Tire User Fee. The Department of Insurance ranked eleventh with \$133 million in fees collected for licenses to individuals and entities in the insurance business in the state of Illinois. The largest insurance fees are \$56 million from various licenses paid by insurance producers. The Pension Annual Statement Filing fee generated \$28 million in revenues which are used by the department to pay for all regulatory related operations involving police and fire pensions. Another \$24 million in fee revenues came from the 1.01% surcharge on workers' compensation premiums to fund the Workers' Compensation

Commission. The Department of Financial and Professional Regulations ranked fourteenth with \$77 million in fee collections for the regulation of banks, savings and loans, other financial institutions, and healthcare and other regulated professions.

The State Treasurer collected \$81 million primarily related to penalties for criminal violations sent to the Treasurer from circuit courts. In fiscal year 2013, these charges provided \$17 million to the Traffic and Criminal Conviction Surcharge Fund; \$12 million to the State Police Operations Assistance Fund; and \$10 million to the Trauma Center Fund. Environmental Protection Agency collected \$68 million in fee revenues whose major components were the Solid Waste Management Fee (\$21 million), the Clean Air Act Title V Permit Fee (\$18 million), and the National Pollutant Discharge Elimination Permit Fee (\$17 million). Hunting fees were the largest revenue generator among Department of Natural Resources fees with \$25 million in receipts. Health insurance collections from local governmental units accounted for \$39 million of the Department of Central Management Services' fees.

#### The Ten Largest Revenue Generating Fees

Although state agencies reported 1,510 fees in fiscal year 2013, the ten largest fees, which all generated revenues of at least \$152 million, accounted for about \$5.33 billion or 62.6% of total fee revenue.

The number one revenue generating fee in fiscal year 2013 was reported by the University of Illinois. The U of I collected \$999 million in student tuition fees or 81% of total U of I fee revenues. The third and fifth largest fees in terms of revenue are the Hospital Provider Fee (\$893 million) and the County Hospital Services Provider Participation Fee (\$696 million) collected by the Department of Healthcare and Family Services. These levies on medical providers help finance the Medicaid program through increased federal cost sharing contributions and higher Medicaid rates.

Four of the top ten revenue-generating fees are collected from the users of the state's roadways. The fourth largest fee in terms of revenues is the registration fee for first division motor vehicles (\$864 million) collected by the Secretary of State. The seventh largest fee is the proportional registration fee (\$226 million) for vehicle owners operating fleets in Illinois and other states. Automobile and truck registration fees are combined with other state and federal revenues to help finance the state's road program.

The \$95 per vehicle Title Certificate, ranked sixth in terms of revenue collections (\$247 million), is divided several ways with \$125 million into the Road and Construction Account Funds, \$78 million for the Capital Projects Fund, \$27 million into the General Revenue Fund, \$10 million into the Motor Vehicle License Plate Fund to help pay for new license plates, \$6 million into the Park and Conservation Fund, and \$723,000 into the Illinois Fisheries Management Fund for operation of the Division of Fisheries in the Department of Natural Resources. In addition, highway tolls of \$925 million were the major revenue source for the toll highway system serving northern Illinois.

The remaining top ten fees include tuition from Illinois State University, the Long Term Care Provider Occupied Bed Assessment, and the annual corporate franchise tax collected by the Secretary of State. Of the ten largest revenue generating fees, the three that are administered by the Department of Healthcare and Family Services earned \$1.751 billion or 95% of total Healthcare and Family Services fee revenues. The four Secretary of State fees in the top ten generated \$1.506 billion or 69% of total Secretary of State fee revenues.

Fee Rates of \$25,000 or More	Fee	Rates	of	\$25.	.000	or	More
-------------------------------	-----	-------	----	-------	------	----	------

Fee rates vary from small amounts such as 50 cents to copy a page of a document to the largest reported rate exceeding \$2 million. A query of rates charged for the 1,510 fees that were reported revealed 11 non-university fees had rates that were at least \$25,000.

Environmental regulation fees account for nine of the eleven costliest fees. Four are levied by the Illinois Emergency Management Agency as part of its responsibility to regulate the nuclear energy industry and users of radioactive materials, and three are levied by the Environmental Protection Agency. Illinois' costliest fee is one paid by nuclear power reactor owners to cover the cost of establishing, reviewing, monitoring, and maintaining statewide nuclear safety plans and programs. In fiscal year 2013, that fee was \$2,012,270 for the owners of each of Illinois' eleven reactors. The next most expensive environmental fee is the Clean Air Act Title V permit fee administered by the Illinois Environmental Protection Agency, with a \$294,000 maximum rate. The fees are based on a site's air pollution emissions; they range from \$1,800 for less than 100 tons per year, to \$294,000 when levels exceed 13,888 tons per year.

The Illinois Commerce Commission administers two high-rate fees. One is a \$100,000 fee for expedited review of a public utility's application for a certificate of public convenience and necessity for the construction of a new high-voltage electric service line and

Rates of \$25,000 or More (Non-University)					
Fee Name	Agency Name	Fee Rate			
Nuclear Power Reactor Annual Fee	Emergency Management Agency	\$2,012,270			
Clean Air Act Title V Permit Fee (CAAP Maximum)	Environmental Protection Agency	294,000			
Expedited Transmission Filing: Certificate of Public Convenience and Necessity	Commerce Commission	100,000			
Universal Carrier Registration Fee, 1001+ Vehicles	Commerce Commission	73,346			
Off-Site Hazardous Waste Disposal Fee	Environmental Protection Agency	70,000			
Solid Waste Management Fee	Environmental Protection Agency	52,630			
Riverboat Gambling Owner's License Application Fee	Gaming Board	50,000			
Low-Level Radioactive Waste Reactor Operator Annual Fee	Emergency Management Agency	30,000			
Owner's License Fee	Gaming Board	25,000			
Radioactive Material License Fee	Emergency Management Agency	25,000			
Waste Storage Facility Annual Fee	Emergency Management Agency	25,000			

related facilities. The other is the \$73,346 Universal Carrier Registration (UCR) fee for interstate motor carriers with over 1,000 vehicles. The UCR replaced the repealed Single State Registration System.

The riverboat gambling owner's license application fee is \$50,000. However, applicants owe any excess costs for performing an investigation; while, if the investigation costs are less than \$50,000 the applicant receives a partial refund. Thus the actual value of this fee has become the cost of investigating the applicant. Also, the first-year fee for a riverboat owner's license is \$25,000, with an annual \$5,000 fee after that.

Other high cost fees are charged as a percentage of project costs such as payments to state and regional finance authorities where the fee is a percentage of the authorized bond issue or fees charged by the Department of Public Health to review health care facility applications. Individual fees can exceed \$25,000 for large bond issues or health care projects.

There are 76 university fee rates over \$25,000; they are not included in the table because of their large number. The University of Illinois charges 74 of those rates, with Chicago State University charging the other two. All of those U of I rates are for tuition. The highest is \$80,847 for tuition for the non-resident Doctoral of Dentistry program at the University of Illinois at Chicago. Most of the other tuition rates range from a little over \$25,000 to around \$45,000.

Chicago State University reported a \$31,855 student health insurance fee, and a \$27,710 summer rental housing charge.

#### **Special State Funds are the Biggest Recipient** of Fee Revenues

The lion's share of fee revenues are deposited into funds from which monies can be spent only for restricted purposes. Of the \$8.526 billion in fee revenues collected in fiscal year 2013, \$8.016 billion or 94% was deposited into a wide variety of these restricted funds. The remaining \$510 million (6%) was deposited into the state's General Funds.

The largest portion of fee receipts, \$2.772 billion or 33%, were deposited in Special State Funds. The majority (57.3%) of this amount consisted of \$893 million in Hospital Provider Medicaid provider participation fees deposited into the Hospital Provider Fund and \$696 million in Cook County Hospital Medicaid provider participation fees deposited into the County Provider Trust Fund. State Trust Funds received \$1.029 billion in fee revenues (12% of total fees) primarily consisting of the \$979 million deposited into the Illinois State Toll Highway Revenue Fund.

Locally held funds are funds that are controlled by the recipient agency rather than by the State Treasurer. Most locally held funds are not subject to the same budgetary controls by the Governor and General Assembly as treasury held funds. As a result, spending of receipts into these funds is determined by an agency's internal budget practices subject to the applicable statutes and rules. During fiscal year 2013,

\$2.566 billion or 30% of fee revenues was deposited into these funds. Most of this money consisted of university tuition and income from auxiliary enterprises such as payments for room and board (\$2.535 billion). Another common type of fee deposited into locally held funds are fees paid to state-chartered finance authorities that issue revenue bonds.

Highway Funds and Debt Service Funds are the remaining fund groups that receive significant fee revenues. In fiscal year 2013, \$1.338 billion or 16% of fee revenues were deposited into the Highway Funds. Almost all these monies (\$1.313 billion) are collected by the Secretary of State and deposited into the Road Fund and the State Construction Account Fund. Debt Service Funds received \$297 million or 3% of fee revenues which consisted almost entirely of the fees deposited into the Capital Projects Fund.

#### The Impact of Fees on State Funds

If the \$8.5 billion in fee revenues were tracked as a single combined source, they would have been the fourth largest state revenue source in fiscal year 2013, trailing the state income taxes (\$22.0 billion), federal aid (\$16.3 billion), and the state sales taxes (\$9.1 billion).

General Funds receipts in fiscal year 2013 totaled \$34.3 billion. Over half of these revenues were sales and income tax receipts. Fee revenues of \$510 million comprised only 1.5% of this total. Most (89%) of General Funds fee revenues came from Secretary of State fees.

In contrast to the General Funds, fees are an extremely important source of revenues for Highway Funds. In fiscal year 2013, fee revenues of \$1.338 billion accounted for 32.7% of total receipts. Fees are also an important revenue source for the Special State Funds where \$2.772 billion in fee revenues made up 14.3% of deposits into this fund group.

In fiscal year 2013, fee revenues into the General, Highway, and Special State Funds (the fund groups that receive most state monies for operating purposes) totaled \$4.6 billion. This was 8.0% of total revenues of \$57.8 billion for these fund groups.

#### **Types of Fees in Illinois**

Fees are paid both by individuals and organizations. Fees paid by individuals can be separated into occupational licensing charges, tuition and other educational fees, and personal service and user charges.

Fees paid by organizations include the various regulatory, licensing and registration charges paid by corporations, partnerships, nonprofits (such as charities) and labor unions. A special assessments category includes the small number of fees (primarily Medicaid provider participation fees) intended to be major revenue generators, rather than the more typical fee purposes of regulating an activity or raising revenues to help fund a specific program.

An additional miscellaneous category includes the various copying and court filing fees that could not readily be associated with either individual or organization payments.

In fiscal year 2013, fees generally paid by individuals accounted for 40% of fees and 62% of fee revenues, while those generally paid by organizations accounted for 48% of fees and 38% of revenues.

The large proportion of business fees reflects the various state agencies including the Departments of Agriculture, Financial and Professional Regulation, Labor, Public Health, the Environmental Protection Agency and the Emergency Management Agency as well as the business and security regulation departments of the Secretary of State that have regulatory functions. Business fees did not represent nearly as large a share of fee revenues, accounting for 16% of reported revenues.

The largest source of fee revenues was from personal service and user charges, which include vehicle and driver's licenses and tolls and accounted for 30.4% of fee revenues. The second largest source of fee revenues was tuition and related fees, which accounted for 14% of the number of fees and 29.8% of fee revenues. The six special taxes and assessments raised \$1.8 billion which was 21% of revenues.

Types of Fees in Illinois							
Fee Category	Number	% of Total *	Millions of Dollars	% of Total *			
Individual:							
Occupational License Charges	126	8.3%	137	1.6%

#### Who Sets Fee Rates?

All fees charged by state agencies are imposed under statutory authority granted by the General Assembly. Sometimes fee rates are set within the authorizing statute. For the remaining fees, agencies are given authority to set fee rates through administrative procedures.

There are merits to both methods of setting fee rates. Rates set by the General Assembly have to face the full scrutiny of the legislature and Governor. On the other hand, rates that are set administratively are more flexible and can more easily be adjusted to changing program financial needs. These may also be subject to scrutiny through the administrative rulemaking process.

#### **Number of Fees by Authorization**

An examination of the statutory authorization for fees listed in the Fee Registry indicates that less than half of the fees (46%) had their rates set by statute. The

remaining 54% had rates set through various administrative procedures. A significant portion of the fee rates that are set administratively are university tuition and fees which are set by university governing bodies.

#### Fee Revenues by Authorization

Although most of the reported fees had their rates set administratively, more fee revenue comes from fees with rates set by statute than from fees with rates set by agencies. In fiscal year 2013, 55% of fee revenue was from fees with rates set by statute versus 45% from fees with rates set by administrative procedure. The largest portion of fee revenues from fees with statutory rates are from Secretary of State fees and medical assessments. Significant fees with rates set administratively are university tuition and fees and highway tolls.

#### **Illinois Fees in Perspective**

Fiscal year 2011 Census financial data collected for all state governments was used to compare the level of fees charged in Illinois with other states. Illinois exceeded national averages in fees related to vehicle usage, while collecting less than the national average in other fees.

Vehicle related fees include motor vehicle and vehicle operators' licenses, tolls, and other highway fees. Per capita vehicle fees in Illinois of \$185.47 were \$84.63 or 83.9% greater than the national average. This in part reflects Illinois being one of 13 states that collect significant (over \$100 million) toll revenues. Illinois' per capita vehicle fees ranked highest among a comparison of thirteen large or neighboring states.

Among the remaining states, only residents of Iowa (\$168.88), Florida (\$142.17), Pennsylvania (\$128.75), New York (\$110.31), and Ohio (\$105) spent more than \$100 per capita on vehicle related fees.

Significant other fees included in our comparison are corporate franchise and capital fees, hunting and fishing licenses, occupational licenses, and park and recreation charges. University fees and medical assessments are the major items from this report that are not included in the comparison. Per capita Illinois other fees of \$76.47 were less than half of the national average of \$175.59 and were third lowest among the states studied, trailing only Michigan (\$65.67) and Indiana (\$43.82).

	Vehicle Fees	Other Fees
State	Per Capita*	Per Capita
California	\$90.15	\$204.16
Florida	142.17	269.66
Illinois	185.47	76.47
Indiana	83.02	43.82
lowa	168.88	146.89
Kentucky	51.01	129.28
Michigan	99.04	65.67
Missouri	47.14	86.87
New York	110.31	106.50
Ohio	105.00	241.02
Pennsylvania	128.75	211.73
Texas	73.22	233.04
Wisconsin	92.85	212.62
United States	\$100.84	\$175.59

<sup>\*</sup> Includes Motor Vehicle and Vehicle Operators Licenses and Tolls and Other Highway Charges.

### APPENDIX E OBTAINING DETAILED FEE INFORMATION

Agency Fee Imposition Report submissions are available on the State Comptroller's website. To access the detailed submissions:

- Go to the Comptroller's website: http://www.illinoiscomptroller.com
- Move the mouse pointer over the "Departments" button on the upper section of the page.
- Click on the "Research and Fiscal" button.
- Click on the "Detailed Fee Data" button under the menu on the left side of the page.
- Use the drop down box to select the agency of interest. Then select the appropriate fiscal year, and click on the "Select Agency" button.
- Reports can be created for all fees for the agency or a selected group of fees. If "Select Fees" is chosen, use the drop down boxes to choose the first and last fees of the desired group of fees.
- Four standardized reports can be created. The <u>Fee Registry and Rates</u> report contains fee descriptions and rate information. The <u>Deposit Details</u> report contains deposits by fund for each fee. The <u>Deposit Summary</u> report prints a summary list of fee names and total deposit amounts. The <u>Programs Funded</u> report prints a listing of the programs funded and the authorization for funding such programs for each fee.
- The above reports are viewed as HTML files with a separate page for each fee.

If you have any additional questions about the *Fee Imposition Report*, please contact Javier Cazares at 217/785-6253.
